The Kentucky Council of Defense is launching a Statewide historical campaign for the entire month of June.

The purpose of this campaign is to interest the public generally in the historical work which the State council is now carrying on and to secure the help necessary to complete this work.

The purpose of the historical work is to make a permanent record in each county of the part the people of that county took in the war, both through the fighting forces and through the civilian war workers.

The death roster that follows is the first result of this campaign.

ANARCHIST IS BLOWN TO BITS

(By Associated Press)
Washington, June 3—Washington police inspectors early today believed they had identified the man blown to pieces last night in an effort to kill Attorney General A. Mitchell Palmer with a bomb. Indications are he was a Philadelphia anarchist. They also said they are confident a nation-wide plot against the lives of government officials and prominent men was hatched in Philadelphia.

A blood stained conductor's identification check, found in front of Palmer's residence today showed that the anarchist arrived in Washington at 10:30 last night from Philadelphia. He went directly from the union station to the Palmer home and only a few minutes before the explosion C. S. Briggs, of Marion, S. C., saw him alighting from a street car a few blocks away.

Leaders in both the House and Senate said today they are ready to act immediately, passing any legislation necessary to deal with violence designed to overthrow the government but some believe existing laws are sufficient. Several measures, however, dealing specifically with the bomb outrages have been introduced in the Senate and their sponsor declared further pressure will be extended for their passing.

The head of the dead anarchist was found on the roof of a house a block away from the scene of the explosion and was taken down by firemen who had been searching roof tops for possible evidences.

JUDGE HARDIN PRAISES ROSEDALE

No one who has visited the famous Rose Dale Addition which will be sold in lots at auction Thursday, was perhaps more impressed with it as a residential site than Judge Charles A. Hardin, who was here Sunday and was driven over the tract.

"I have seen a lot of subdivisions opened up for residence sites," said Judge Hardin, "but never so far as I can recall have I seen one that for natural beauty and general attractiveness and desirability could compare with this one. It appears to have every advantage. I hope to be able to return to Richmond and attend the sale," he added.

Meanwhile the Wakefield-Davis Realty Company is sparing no efforts to have the beautiful site arranged in lots that will have the greatest appeal to prospective buyers. Handsome pillars have been built at the main entrance to the Park on West Main street, with the name Rose Dale graven in stone. Grading of the various streets is being pushed and every effort is being made to have all details in readiness for the opening of the sale promptly at 9:30 o'clock Thursday morning. Hundreds of visitors were on the ground all day Sunday and it is perhaps no exaggeration to say that no sale held in this section in recent years has created the interest that this one has.

Back From Auto Races

Mr. and Mrs. R. J. McKee and family have returned from Indianapolis where they saw the big auto races. Mr. McKee says he never saw such a crowd in his life, and the racing was great. He witnessed the two great tragedies in which three men lost their lives during the races.

BIG ROYALTY SALE

Charles Maples, the well known oil man of Irvine, is down with tonsillitis. He and Capt. Robert Harris leave for the Texas and Oklahoma fields as soon as he is able to make the trip. Reports from reliable sources are that Mr. Maples recently bought a 1-100th royalty interest in the Wells-Ponder tract of 1,440 acres in Lee county for the sum of \$60,000. Quite a number in this section hold small royalty shares in this big tract and they are expecting some money very soon now as it is said, all the necessary papers have been signed up. There is said to be something like \$50,000 in the royalty fund to be distributed. Many oil men say the Wells tract is the best prospect for oil in the famous Big Sinking field, both on account of its large acreage and the unusual thickness of the oil sand.

Mr. Frank P. James, of Harrodsburg, has recently bought a good size interest in the above mentioned royalty. He purchased the share of Pearl Ponder, one of the heirs, at a handsome price. Her royalty was a 1-144 of all the oil produced on the big lease.

May Modify Terms To Huns

Paris, June 5—It became known today that the Council of Four is considering two changes in the German peace terms. One involves a probable acceptance of the German proposal to pay a hundred billion marks indemnity and dissolve the allied financial commission. The other proposal for a plebiscite in Silesia in order to guarantee Germany a supply of coal from the Silesian mines.

JUDGE HARDIN PRAISES ROSEDALE

No one who has visited the famous Rose Dale Addition which will be sold in lots at auction Thursday, was perhaps more impressed with it as a residential site than Judge Charles A. Hardin, who was here Sunday and was driven over the tract.

For Representative in Congress

SENSIBLE ADVICE

It is well enough for Democrats to understand now that they must put up their best candidate for Governor in order to defeat Morrow in November. They must not nominate a trimmer or pussy-foot. They must not nominate a political hack, or the creature of any faction or machine. They must not nominate any man who has any old political barnacles hanging to him, or who is the apologist for past blunders or scandals. A man fresh from the people, who has a perfect unassailable personal and political record, who has no ties with any office-seeker parasites, who has some vision and forward-looking platform of his own, which he is able to defend from the stump, if nominated by the Democrats, with a clean lot of associates on the ticket, can easily win in November. Kentucky is a Democratic state and will readily elect a ticket this year. But the Democrats must make no mistake. —Owensboro Messenger.

A party of cattle dealers and farmers from the East End of Lincoln county slipped up here Saturday and bought about 20 head of cows at the stockyards. They paid from 7 1/2 to 12 cents a pound for them. In the bunch were Messrs. Russ Dillion, G. L. Edwards and Logan Thompson.

Thinking a burglar was trying to effect an entrance into his home, James R. Clough, of Paris at 2 o'clock Saturday morning, fired a shotgun at

the kitchen door and struck his 9-year-old son, Abram, in the face, tearing out his right eye and causing wounds from which he will probably die. The boy was walking in his sleep and had reached the outside of his home without his parents hearing him and was returning when his father fired.

SOCIAL AND PERSONAL

Business Meeting of Cecilian Club.

At a recent business meeting of the Cecilian Club, Mrs. Middleton was named the state delegate, Mrs. T. D. Chenault, president of the Cecilian, and Mrs. Harvey Chenault as delegates from this Club. The motion also carried to contribute \$5 to the MacDowell League entitling the Club to membership for one year. Several individual memberships to the National Federation were also reported. In addition the local Federation gave a liberal contribution to the endowment fund of this great national organization. Without question all this indicates an increasing interest in the work at Richmond, which has received a new impetus, from the evident enthusiastic spirit of the Piano Contest. In addition to the prize given by Mrs. H. B. Hanger to the intermediate grade and one given by Mrs. B. L. Middleton to the primary grade, the local Federation gave its second prize this year. Now somebody has a vision. What about a summer course at the College of Music for the winner in the senior division next year? Perhaps this is food for thought for some philanthropist who is looking about for a new opportunity.

Mrs. Harry Gordon, of Danville, made a business trip to Richmond last week.

The following handsomely engraved invitations have been received by friends of Miss Alice Clark Kellogg who is a senior at Margaret College this year.

The Faculty and Senior Class of Margaret College request the honor of your presence at the Graduating Exercises Tuesday, June the tenth Nineteen Hundred and nineteen at ten A. M. Versailles, Kentucky.

A NERVOUS WRECK

From Three Years' Suffering. Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work."

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep, I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today.

When the Baby Needs a Laxative---

No one knows better than the ever-watchful mother—the natural doctor of the family in all the small ills—that when the baby is out of sorts it is usually due to indigestion or constipation.

It is always well, in any of its illnesses, to look for this cause. The diet may have to be changed, but before good can result from it, the bowels must be moved.

The mother has the choice of many medicines—cathartics, purgatives, bitter-sweet, pills, physics, etc. But the little body doesn't need such harsh remedies for they wrench the system and do only temporary good, to often followed by an unpleasant reaction.

The nursing mother will like that to stand for herself, and to be sure, she must know that she be free from constipation.

Syrup Pepsin is gentle and safe. It is the most effective laxative for the mother, and the most effective for the baby. Thousands of mothers have found it in the home, secure against constipation.
